Encourage sharing

- Ask questions
- Prompt people to share great voting experiences
- Help a friend check their voter registration

Plain language

Before

Unaffiliated voters may not vote in primary elections, but may be able to vote in any nonpartisan primary election held in your jurisdiction, such as a primary election to select nominees for any general election.

After

The main reason to register with a political party rather than choosing “unaffiliated,” is to vote in party-based primary elections.
